Medicare Open Enrollment

Know Your Options

Review your coverage. Protect your health.
Get the most from your Medicare benefits.

Medicare Open Enrollment runs **October 15 through December 7**. Now is the time to review your coverage and make sure it meets your healthcare needs and budget.

During Open Enrollment, you can compare benefits and costs, change Medicare Advantage or prescription drug plans, or switch between Medicare Advantage and Original Medicare.

Before choosing a plan, make sure your Wright Center providers and prescriptions are covered to help avoid interruptions in your care.
